

Technical Information

ACRYLITE® Textures

Design pure and simple

ACRYLITE® Textures acrylic sheet offers many options for all imaginable designs and applications - whether classic or trendy, understated or eye-catching. With its light and discreet surface patterns, ACRYLITE® Textures protects you from inquisitive eyes, but still lets in plenty of light and offers a feeling of space.

Patterns include two-sided FFX and FFV and one-sided Ribbed. The uneven surface diffuses light to create obscurity and privacy. Typical applications include privacy screens and partitions, shower enclosures, furniture and door or cabinet glazing.

Product Offering

Color	Sheet Size	Thickness
